

M3500

Bluetooth Headset

Digitally Enhanced Voice with Audio IQ™ Technology

Experience conversations with superior clarity with the innovative M3500 Bluetooth® headset. Thanks to Plantronics Audio IQ™ technology, you can enjoy freedom and unparalleled audio quality that sets a new standard in wireless communication—clearer, more natural-sounding conversations in noisy environments.

- **Intelligent Audio**

Audio IQ™ technology automatically analyzes incoming sound to enhance call quality. In a noisy environment, the M3500 will improve incoming audio quality without causing distortion so you can hear clearly.

- **Crystal Clear Conversations**

Active noise cancellation and an integrated Digital Signal Processor (DSP) reduce background noise so your voice is transmitted clearly to your caller, even in noisy environments.

- **Bluetooth® Wireless Freedom**

Supports both the Bluetooth headset and hands-free profile—allowing you to roam up to 30 feet from your Bluetooth device.
